

M636 MATHEMATICAL MODELING

Homework – Fall 2015

Name: _____

Instructions

1. Homework is considered, strictly, individual: all work should be your own, carried out individually, not in a group. Any form of cheating (including copying someone else work or allowing to be copied) will result in an “F” in the final grade of the course and a referral to the Dean’s office for further action.
2. Show all analytical work.
3. Graphical and/or computational work can also be included in support of the analysis. But unless otherwise stated in the problem, answers based purely on graphical and/or computational work are considered incomplete.

I, _____, pledge that this homework is completely my own work, and that I did not consult, take, copy, borrow or steal any portions from any other person. I understand that if I violate this honesty pledge, I am subject to disciplinary action pursuant to the appropriate sections of the San Diego State University Policies.
